

## SUMMARY

Final Year Computer Engineering Student experienced in Data Science and Web development projects. Well-versed in numerous programming languages C++, HTML, JavaScript, CSS, Python, MySQL.

## EDUCATION

### Sinhagad Spring Dale School

2016

Secondary school certificate  
9.4

### Millennium National School

2018

Higher School Certificate  
56%

### Marathwada Mitra Mandal College of Engineering

Ongoing

Bachelor of Computer Engineering  
8.6\*

## PROJECTS

### Sorting Algorithm Visualizer

A Web-based application which accepts data from user and sorts it according to the desired algorithm.

### Attendance Manager

A Mobile application, which has two platform for teachers and for students to keep track of classes and maintain attendance.

## CERTIFICATIONS

Architecting with Google Compute Engine(5 course specialisation) : Google Cloud

Data Science (10 course specialisation):  
John Hopkins University

## SKILLS

Problem Solving

Attentive Learner

## EXPERIENCE

### Whiz Key

September 2021 - December 2021

Intern

Design and develop mobile applications with backend data services
